

UTILITY LOCATING SYSTEMS

SIMPLICITY MEETS VERSATILITY

- **MULTI-PLATFORM VERSATILITY**
Showcasing 30 different feature sets all in one locator.
- **DIRECTIONAL ARROW GUIDANCE**
Pairing the simplicity with power required for any job.
- **ENHANCED PERFORMANCE**
Developed with the complexity of the utility infrastructure in mind.

THE ALTERNATIVE

There's a new player in the Utility Locating game. Underground Magnetics is happy to announce the production of a revolutionary Utility Locating System.

Underground Magnetics
simplicity meets versatility
